

# Letterbox

NEW GENERATION 2019

## ABOUT US

Tador Technologies LTD established in 1987 and is the country leading manufacturer of access control and security systems.

Tador is dedicated to develop, manufacture and market solution for door phone, telephone entry systems and access control.

Our products are selling worldwide by distributors, wholesales and authorized solution providers in the field of access control.

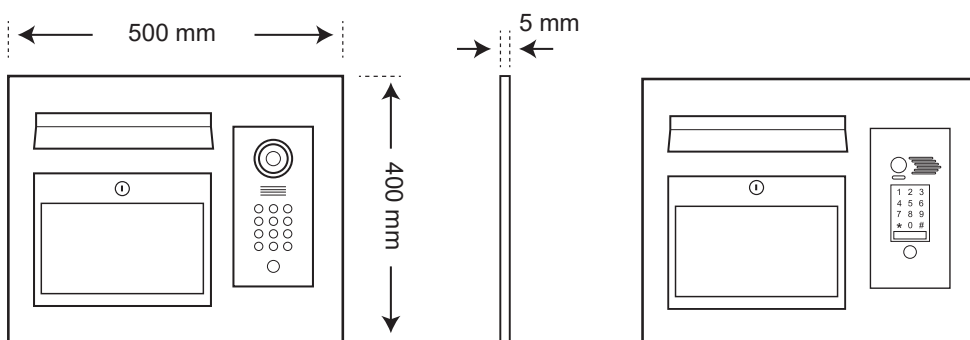

We invest substantial resources in R&D to be able to offer customized solutions to the market demands.

**Whether surface mounting, flush mounting or free standing we got you covered. With the use Tador Supreme Letter box, you will no longer need separate Intercom and letter box.**
